Different types of cybercrime

Cyber bullying: is where somebody keeps on saying mean stuff to you online, repeatedly.

Sexting: is where someone is sending inappropriate images to you

Hacking: is where someone manages to break into to your computer.

Scams: is where someone sends something to you and when you click on it, it will:

- Download a virus
- Send you to a weird page, or
- Allow the scammer to look at your personal details.

Those are just a few ways of cybercrime

How to stop cybercrime

1. Use the report button
2. Tell someone
3. Call Childline (0800 1111)
4. Always check where the link is taking you
5. Set up a firewall
6. Make sure your account is on private settings
7. Keep your passwords private
8. Delete all trash e-mail
9. don't arrange to meet up with anyone you haven't met before online
10. Always know who you are talking to

Websites that can help you if you need more help:

1. <https://www.thinkuknow.co.uk/>
2. <https://ceop.police.uk/>
3. <https://www.childline.org.uk/>

Just think:

Would you show what your doing online to your parents?

Would you do this in real life?

Would you talk to someone you just met on the street?

Why would you want to meet up with someone you don't know they could be lying?

Follow these simple steps if you do get into trouble:

1. Tell someone
2. Block the person
3. Report the person
